Serial No	
	From
	The Pll Commr Mysore City Pllr
	C2 pR 85 C 207/33-36 D 6-6-35
	Forwards proposal of the Pll Commr Mysore
	for provision of free connection to houses
	owned by very poor persons
For E	Govt in their letter no L 5238/15336-534
	D 28-7-33 have directed that in future
	houses connections should not be given free
	but only on payment of cost by the owners
	and that there is no need to continue the
	existing practice It is stated that since
	then the system of giving free connections has
	been given up
2	The Pll Commr state that the full benefit of sewering
	the unsewered portions of the city cannot
	be taken by persons residing in these areas
	in future for the reason that these
	unsewered portions are mostly occupied
	by poor people Inspite of the willingness
	on the part of the house owners to take
	advantage of sewering they are prevented
	from doing so on account of poverty
3	The Pll Commr have therefore requested
	at their meeting held on 21-8-35 that
	a house may be considered as eligible
	for a free connection if it fulfils the

2 Provision of free Connection to houses owned

File No by Very poor persons of 195 Mysore Government Secretariat

Conditions laid down in para 3 of the P.W.D

(c) It is stated that the cost on this account is not likely to exceed Rs 10,000/- a year, which could be met from the normal Resources of the Municipality

5) The P.W. Comm. requests sanction of Govt to the proposal of the P.W. Comm. & the

6) The proposal of the P.W. Comm. to provide free Connections to houses which fulfil the Conditions laid down by the P.W. Comm may perhaps be sanctioned

12/17

7) please see go No. H.L. 1571-74/J.T.B. 88-53-2 & 11-12-53 ~~for~~ This is flagged T. Separate orders were issued to discontinue the practice of giving free house connections to local villages from each house

It is pointed out in this go that in the state this practice exists and that the Municipal Councils frame suitable bye-laws to ensure recovery of cost on this account from the owners of houses themselves or to have the work got done at their (owners) cost

8) instead of implementing the orders conveyed

Provision of free connections to houses owned by poor people

Mysore Government Secretariat | 1722/RL File No of 195 in Mysore | [App F III 2

Serial No

In GO-D-11=12-53 (Fly I), the Mysore City Municipality have resolved to resume the practice of giving house connections at the cost of the Municipality in the case of poor people if the conditions noted 'A' in page 2 of the Municipal Commissioner's letter dt 6-6-55 are fulfilled. The cost on this account, it is said, is not likely to exceed Rs 10,000. It is perhaps desirable to reject the proposal and to inform the Municipal authorities that the orders already passed cannot be reconsidered. They may be asked to frame bye-laws as already advised & send them for the approval of Govt, after observing the prescribed formalities. They have sanctioned loans to the extent of about Rs 46 lakhs for water supply improvement work & the RL Dept has a proposal to grant loan to the extent of about Rs 16 lakhs for drainage scheme. In the light of these commitments, the decision whether the RL Dept to give house connections at their cost (to the extent of Rs 10,000 per year) is perhaps not reasonable for this year.

9) Mys 14/7 — The proposal of the RL Dept to give free connections to the underground drains from the houses of poor people deserves some consideration. Formerly the Drainage Bd was

Serial No

meeting the cost Govt directed that the Drnt Bd need not take up this work But now the Mcl have come forward to spend Rs 10,000/- per year for giving free connections from houses belonging to poor people. If this proposal is not accepted, then the consequences would be that the localities where poor people are living will have to be provided with Communal latrines These localities will become dirty also Then contageous diseases may spread It is a primary duty of the Mcl to help the city clean it's better of the areas where poor people live are given this benefit of providing underground connections. The proposal of the Mcl is to help the poor people and thus keep these areas as clean as possible. Therefore it may be agd with observation that not more than Rs 10,000/- should be spent every year

(See Govt Letter No 261)

(Through the President)

Sir,

C mn 95-55-1

Subject Provision of free connection to houses owned by very poor persons

==

Sa BA 10/6

Till recently free house connections to the underground drainage system ~~was~~ were being given in Mysore City, the cost being met out of Trust Board funds as per G O No 2223-7/L1 151-14-74 dated 14-9-1915 But in your letter No L 5238/ITB 36-53-4 dated 28-7-53 it has been directed that in future house connections should not be given free but only on payment of cost by the owners and that there is no need to continue the existing practice &c Since then the system of giving free connections has been given up

Incomplete Map not received Reg E

2) But this has given rise to certain practical difficulties In this office letter No C2 PR 120/54-55 dated 3-9-1954 comprehensive proposals have been sent to government for sewering the unsewered portions of the city, but the full benefit of sewering will not be taken by persons residing in these areas in the foreseeable future for the reason that these unsewered portions are mostly inhabited by poor people In spite of the willingness on the part of the house-owners ~~taking=ad~~ to take advantage of sewering, they are prevented from doing so on ~~the=grounds~~ account of poverty For this reason they are often prosecuted by the municipality Still, the penal action could have very little effect when the default is due to reasons beyond their control The municipality therefore urged upon the Government to re-consider their orders in the matter of giving free connection, but the Government finally turned down this request

2

3) The question of making alternative arrangements to enable the poorerx sections of the public to take house connections had been engaging the attention of the council since then In these circumstances, the President placed a note before the Managing Committee that the Municipal Council themselves might give free connection to houses owned by persons who are in very poor circumstances and that a house may be considered as eligible for a free connection if it fulfils the following conditions -

(i) The rental value of the house is less than Rs 100/- which is the minimum prescribed for giving water connection

(ii) The owner is in full occupation of the house and has not let out any portion of it

(iii) He has no other building in the city, however small it might be, and

(iv) No house which is let out, whatever may be its rental value, is eligible for this benefit

(v) The grant of this benefit to such of the houses as ~~xxxxxx~~are defined above should be entirely within the discretion of Managing Committee, taking into consideration the poverty of the owner

4) This recommendation ~~is~~ was approved by the Managing Committee at their meeting held on 17-5-55 and by the Council on 31-5-55

5) The total cost on this account is not likely to exceed Rs 10,000/- a year, which could be met from the normal resources of the municipality

6) I enclose herein copies of the resolution of the Managing Committee and the Council and request that early orders of Government may be kindly obtained, sanctioning the proposal

Yours faithfully,

(N Lakshman Rao)
Municipal Commissioner
